

$$x = \frac{-b \pm \sqrt{b^2 - 4ac}}{2a}$$

Math Summer Work Poster Session

Looking for a summer REU in math or stats? Interested in real world applications of concepts learned in class? Curious to hear about what your peers have worked on last summer?

*Join us Wednesday, October 29th
For our Summer REU Poster session!*

Topics include:

- Health care and patient outcomes
 - Optimization
 - Neuroscience and neural networks
 - Vision
 - Combinatorics
- and more!

The poster session will take place from 7-9pm on the Warner 2nd floor. Snacks will be provided. All are welcome. We're excited to see you there!
